

960 VSC

VARIABLE SPEED CONVEYOR

The Walco series 960 VSC is an 8ft commercial grade variable speed conveying unit. Combined with the 350 IJ Inkjet system this unit is a convenient way to capture, shingle and even sort printed materials. This conveyor is easy to operate, with it's inkjet integrated controls and software output customization.

A stand alone version of the conveyor is also available from your authorized Walco dealer.
