INCREASE YOUR OPTIONS

Get more than you expect and everything you need with value-added Mail Manager 2010 LE options. Visit www.bccsoftware.com/options for details.

You don't have to handle high-volume mail jobs every day to deserve the profit-boosting and productivity-enhancing features of Mail Manager 2010™. You won't need expensive mainframe computers, either — just a PC and Mail Manager 2010 LE™, the leading choice of small and occasional mailers for professional-quality presort power at a price even a sole proprietor can afford.

Like its high-powered "big brother," Mail Manager 2010 LE from BCC Software allows you to presort mail jobs quickly and easily, within a user-friendly interface that doesn't require an advanced degree to use. It can pay for itself in record time, too, thanks to the built-in economy made possible by encoding your jobs against the USPS® ZIP + 4® database — updated six times each year with every Mail Manager 2010 LE subscription.

Put your profits where they belong: in your pocket. Choose Mail Manager 2010 LE. Only from BCC Software.

MAIL MANAGER 2010 LE

Top mailing efficiency. Bottom-line friendly.

Stamps got you licked? High-volume professional mailers understand the value of software that can do the heavy lifting for them — ZIP + 4 encoding and presorting a job to ensure maximum efficiency and minimum postal costs.

Mail Manager 2010 LE from BCC Software delivers that same productivity-enhancing profit-boosting power. This “lite edition” of the industry-acclaimed Mail Manager 2010 is still bursting with features much in demand by occasional mailers of any size. Why pay full-price postage when you can save money and do it yourself?

The road to increased savings and productivity begins with Mail Manager 2010 LE. Only from BCC Software.

Can't decide? Mail Manager 2010 and LE are both ideal solutions for new or smaller-volume mailers. Which is right for you? For a feature-by-feature 2010/LE comparison, visit bccsoftware.com/compare.
